

FMSA Newsletter

Message from the President

Assalamualaikum wbk

Dear beloved FMSA members,

Happy New Year 2017. We started early by having our first exco meeting on 7th January 2017. This year FMSA is planning several activities such as community project in Bario Sarawak and Primary Care Mini Conference. Allocation for presentation overseas by members is already budgeted so as for FMSA exco to promote primary care in this country in related conferences abroad. Dr Abd Khalek and Dr Zainal Fitri will represent FMSA in a family medicine conference in Dubai in March 2017. It is hoped that the objectives of attracting more foreign delegate to our coming conference in August will materialize.

The Family Medicine Scientific Conference this year will be in Equatorial Hotel, Penang. The theme for this year is 'Centre of excellence, Pearl of the future'. I hope many will come and make early reservation for the conference as this is the unique gathering among FMSes in the country. FMSA urge members to show excellence in any areas especially in primary care. To date we already have close to 500 FMSes. The numbers are growing as many realized the importance of primary care services in this country. The Sustainable Development Goal (SDG) also highlighted several main key areas in health services among primary care services that need to be focused on. Therefore it is very important for FMSes in this country to update their knowledge and skill from time to time in order to provide accurate and fast services.

Ministry of Health (MOH) this year is addressing on CTI (Cepat, Tepat & Intergriti) and PCI (Productive, Creative & Innovative). FMSA strongly agree and supports the slogan hence urge members to practice medicine according to CTI & PCI slogans. It is deemed importance to manage resources wisely and smartly as the economic crisis is a global issue. Wastage need to be prevented and cut down . FMSes must alert on cost cutting strategies when planning certain activities to ensure cost effective approach is incorporated in day to day practice. All members must also aware about the main focus on health highlighted by MOH this year. The double burden of non-communicable diseases must be given serious attention and intervention.cont. page 2

Continue from pg 1

Tuberculosis and malaria are two communicable diseases that require effective preventive measures and treatment. The clinic waiting time must be reduced. Community involvement via clinic advisory panel members and Komuniti Sihat perkasa negara (KOSPEN) can be used to overcome issues pertaining lack of resources in FMS clinic. It is deemed important for FMSA members to practice and portray good leadership and effective management at own setting.

Lastly, I would like to wish all members. Happy and prosperous New year 2017 and may FMSA prosper in the coming years ahead. We care.

Wassalam

Mesyuarat Exco

Barisan exco yang baru dilantik telah mengadakan mesyuarat pertama bagi tahun 2017 pada 7 Jan 2017. Antara agenda yang dibincangkan ialah kerjasama antara syarikat farmaseutikal di dalam penganjuran CME. Berikut adalah senarai CME yang telah dilaksanakan:

Persidangan Saintifik FMSA ke 19

Persidangan saintifik fmsa ke 19 pada 10 - 13 Ogos 2016 lalu telah berakhir dengan jayanya dalam acara penutup penuh gilang gemilang. Majlis makan malam penutup persidangan tersebut bertemakan jalur gemilang sempena hari kemerdekaan Malaysia. Majlis berlangsung di dewan utama Hotel Dorset Grand Subang. Tetamu kehormat yang hadir adalah Datuk Dr Narimah Awin mantan pengarah Bahagian Perkhimatan Kesihatan Keluarga. Di dalam ucapannya beliau melahirkan rasa syukur dan kagum dengan perkembangan disiplin perubatan keluarga yang memberansangkan. Majlis diserikan dengan acara persembahan kebudayaan dan acara cabutan nombor bertuah.

Pertemuan dengan pihak akademi

Mesyuarat bersama di antara FMSA dan AFPM (Academy of Family Physician Malaysia) telah diadakan pada Oktober 2016 jam 2.30ptg bertempat di Medical Academies of Malaysia. Objektif perjumpaan ialah sebagai satu medan untuk meningkatkan hubungan dua hala di antara dua kesatuan yang mewakili kelompok pengamal-pengamal perubatan primer di Malaysia. Pelbagai isu mengenai kolaborasi antara FMSA dan AFPM seperti Asia Pacific Primary Care Research Conference(APPCRC) dan Malaysian Family Physician (MFP) journal telah dibincangkan dan mencapai kata sepakat. FMSA dan AFPM sentiasa menyokong antara satu sama lain. antaranya pembabitan FMSA dalam program DFM dalam melahirkan bakal-bakal Pakar Perubatan Keluarga di masa-masa akan datang.

20th Family Medicine Scientific Conference

2 – 5 August 2017

"Centre of Excellence, Pearls of the Future"

Organised

In Collaboration with

<http://www.fmsconference.net/>

Pada tahun ini FMS Zon Utara yang terdiri daripada Pulau Pinang, Kedah dan Perlis, telah diberi penghargaan untuk menganjurkan persidangan saintifik kali ke 20. Watikah perlantikkan telah di serahkan kepada 13.8.16 dimana Pulau Pinang bakal menjadi tuan rumah. Persidangan kali ini mandapat kerjasama dari Jabatan Kesihatan Negeri Pulau Pinang dan Penang Medical College.

Pulau Pinang dengan gelaran Mutiara Timur (*Pearl of the orient*) menawarkan destinasi pelancongan yang unik. Dari alam semula jadi menarik seperti pantai yang cantik, bangunan bersejarah sehingga diiktiraf Bandar Tapak Warisan Dunia oleh UNESCO dan syurga makanan bagi pengemar makanan.

Penghujung bulan Julai dan awal Ogos adalah musim buah durian terutama di kawasan Balik Pulau. Diharap dapat menarik penyertaan perserta dalam dan luar negara.

Tema tahun ini adalah : *Centre of Excellent, Pearls of the future*. Tema ini menggambarkan satu azam dan tekad bagi setiap pengamal perubatan di kesihatan primer untuk menjadikan klinik

mereka sebagai penyedia kemudahan kesihatan yang komprehensif meliputi aspek pencegahan, perawatan dan rehabilitatif.

Persidangan kali ini yang diketuai oleh Dr Adlina Abu Bakar selaku pengurus telah menjalankan beberapa siri mesyuarat semenjak September tahun lalu.

Persidangan Saintifik kali ke ini mempunyai sedikit kelainan dimana ianya akan melibatkan penceramah dan penyertaan dari luar negara. Ini merupakan langkah pertama FMSA untuk dikenali diperingkat global. Semoga FMSA lebih dikenali diperingkat antarabangsa seterusnya bakal mengharumkan nama Malaysia dimata dunia.

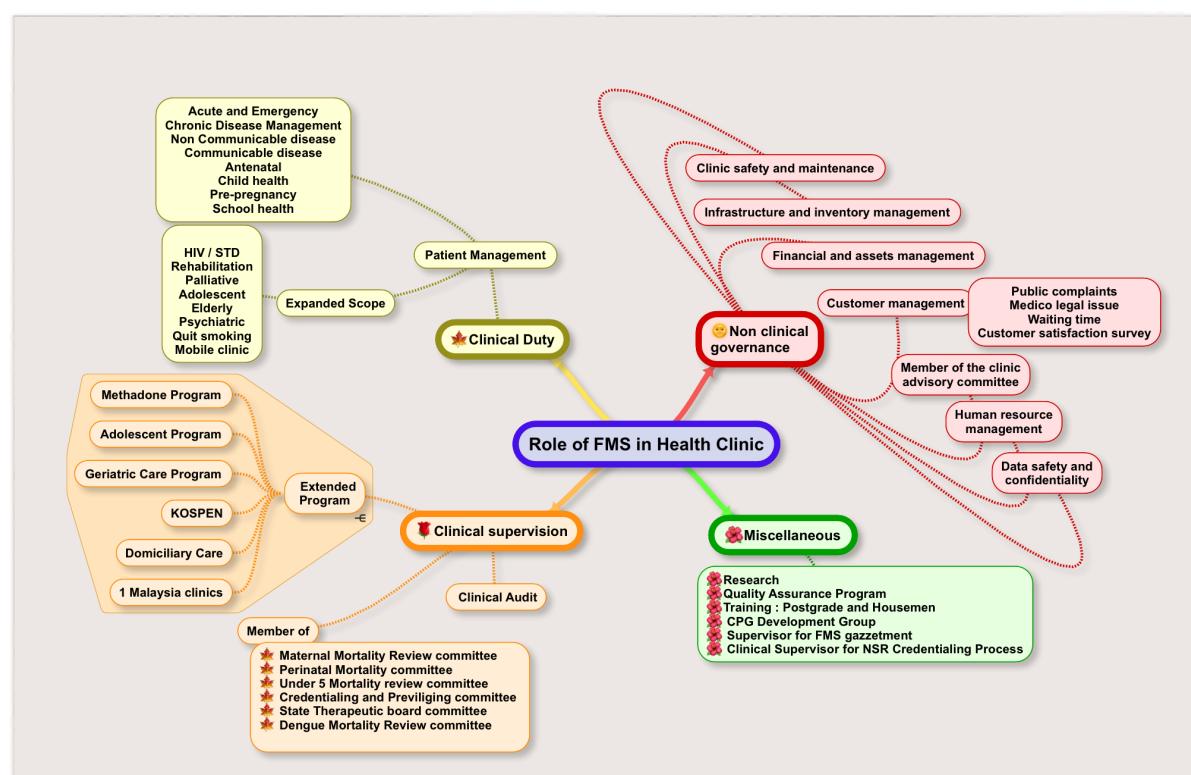

Wakil FMSA ke International Family Medicine Conference dan Mesyuarat Global Family Medicine Alliance di Dubai 6 - 9 Mac 2017

Pada 6-9 mac lalu Dr Zainal Fitri Zakaria dan Dr Abd Khalek Abd Rahman telah mewakili Persatuan Perubatan Keluarga (FMSA) ke 4th International Family Medicine Conference di Pusat Perdagangan Antarabangsa Dubai. Mereka juga telah menghadiri mesyuarat Global Family Medicine Alliance yang berlangsung pada masa yang sama.

Antara objektif lawatan tersebut ialah:

- Menambah pengetahuan melalui seminar dan perbincangan.
- Terlibat didalam usaha mengukuhkan profession perubatan keluarga di peringkat global.
- Mempromosi Persidangan Saintifik Perubatan Keluarga ke 20 di Pulau Pinang.

**Dr Muhd Khairi bin
Mohd Taibi**

Beliau merupakan satu-satunya FMS yang
mempunyai sarjana dalam dua bidang berbeza
iaitu sarjana perubatan keluarga dan kesihatan
awam.

SELAMAT

BERSARA

Dr. Sanidah bt Md.Ali

Graduated as medical doctor from UKM in 1984 . Obtained master in Family Medicine from UM in 2000.

Worked in various hospitals before joined master program of family medicine . She had no experience in primary health care services before joining family medicine.
She has worked as FMS for 16years before retired on 18.9.2016.

Her message to all FMSes:

*I would like to thank FMSA and all friends for helping me during my carrier.
For my junior FMS, hopefully young generation can work hard and maintain our performance . Please provide the best management to our community.*
